Building Permits 09/01/2020 - 09/30/2020

Work Description:	I have a detached garage that is 20x20 and I would like to add 499 feet to it and make 1 bedroom, 1 storage room, 2 bathroom and kitchenette. For the extra space I'm adding, I will do piers and beams. I have been told that I don't need any engineering plans if the addition is less than 499 square feet. I will submit the survey as a Plat and as the existing construction. I will submit as much as plans i can to make my project easy to understand.///////REVISED during plan review to convert the garage into a habitable secondary dwelling, no 220V, but will have required heating for each room, insulation, etc. 9/22/20 AA.
